#### PLACE OF CONFINEMENT

4)

- a. Is there a prisoner grievance procedure at this facility?  
(X) YES ( ) NO

- b. If your answer to 4(a) is YES, did you present the facts relating to your complaint in this grievance program?  
(X) YES ( ) NO

If your answer to 4(b) is YES:

- (i) What steps did you take?

The inmate Grievance Program consists of a 3-Step process starting with a complaint filed with the IGRC (Step-1); an appeal reviewable by the superintendent of the facility (Step-2); and an appeal to the Central Office Review Committee (Step-3). Plaintiff followed the prescribed procedure without positive result.

- (ii) What was the final result of your grievance?

The final result of my grievance, dated 9/28/05, was:

" GRIEVANT'S REQUEST UNANIMOUSLY DENIED WITH CLARIFICATION Upon full hearing of the facts and circumstances in the instant case, and upon recommendation of the Division of Health Services, the action requested is hereby denied with clarification. CORC upholds the determination of the Superintendent for reasons stated.

CORC advises grievant to follow staff direction, and participate in the ASAT workbook program. CORC asserts that the Department's Hepatitis C Primary Care Practice Guidelines are being followed. CORC also advises the grievant to address his medical concerns through sick call."

#### STATEMENT OF FACT & MEMORANDUM OF LAW

6)

a. In April of 2000 I was notified that I was HCV Positive (Hepatitis C Virus) by P.A. Laux at the Auburn Correctional Facility. This diagnosis was the result of a blood test I had requested due to the general feeling of being unwell. (This test was performed on 3/24/00)

b. On September 30, 2002 a Liver Biopsy was performed at the University Hospital in Syracuse. The recommendation of Dr. Holtzapple, a Board Certified Gastroenterologist, stated:

"48 year old male, hepatitis C with grade 2/4 inflammation and stage 3/4 fibrosis. He meets criteria for therapy and may benefit from therapy in that the progression of fibrosis may be halted. Rec: (1) Pegylated interferon therapy combined, (2) Ribavirin 1000mg daily, (3) Check hepatitis C viral level in three(3) months, (4) Check genotype". (EXHIBIT A)

- c. On December 26, 2002 Dr. Anthony Graceffo informed me of the results depicted above and asked me to sign a waiver to participated in the Alcohol and Substance Abuse Program / Residential Substance Abuse Program (ASAT/RSAT). On this date I informed Dr. Graceffo, verbally and in writing, that I wanted the treatment recommended by Dr. Holtzapple and that I refuse to participate in the ASAT/RSAT Program due to my religious beliefs. These programs are spiritually based and plaintiff, being an atheist, finds the concepts of spirituality repugnant also, my Institutional Disciplinary Records reflects no violations for alcohol and/or substance abuse.
- d. As a result, Dr. Graceffo refused to treat me for this disease and subsequently, I filed a Civil Action, # 9:04-CV-0159, after following and exhausting all Departmental procedures. This Civil Action is currently pending in the United States District Court for the Northern District of New York.
- e. Prior to my refusal to participate in the ASAT/RSAT Program my blood was being monitored every 3 to 4 months to track the progression of this disease. Upon my refusal to participate in the ASAT/RSAT Program the monitoring of my blood ceased and didn't resume until 1/07/04. (The last reported blood test prior to refusal was performed on 9/16/02)
- f. While the aforementioned Civil Action was pending plaintiff became aware of another inmate, Jeffrey L. Pelkey #00-A-4448, who was receiving treatment for HCV, from Dr. Graceffo, without being forced to participate in ASAT/RSAT prior to his treatment.
- g. In Affidavit, (EXHIBIT B), Mr. Pelkey states, in sum and substance, that: He has a long history of substance abuse, has tested positive, twice, for controlled substance abuse during this term of incarceration, refused to participate in the ASAT/RSAT Program and received treatment for HCV notwithstanding his refusal.

- h. On June 30, 2005 I was seen by Dr. Pang Kooi in the ACF Clinic to discuss, what plaintiff believed to be, a change in the DOCS's requirements pertaining to HCV treatment. During this discussion I showed Dr. Kooi inmate Pelkey's Affidavit, which he read, he refused to treat me until I participated in the ASAT/RSAT Program, then agreed to refer me to Dr. Graceffo.
- i. On July 21, 2005 I was seen by Dr. Graceffo in the ACF clinic and we discussed the above referenced Exhibit and the apparent changes in DOCS' Policy. Dr. Graceffo informed me that he would not treat me for HCV until I was either enrolled in or completed ASAT/RSAT, regardless of what he did in the past with inmate Pelkey.
- j. On July 27, 2005 I filed Grievance No. 45299-05, which was denied without hearing (on 8/1/05), based solely on the statement made by Nancy Ryerson, Nurse Administrator of ACF.
- k. On August 22, 2005 I filed an appeal to Superintendent John W. Burge, which he denied (on 8/24/05).
- l. On August 28, 2005 I appealed Superintendent Burge's adverse decision to the CORC and on September 28, 2005 Thomas G. Eagen denied my appeal. (**EXHIBIT C**)(Grievance and all related responses)
- m. All named defendants in this Action were fully appraised that their actions were in violation of numerous State and Federal Laws and they chose to constructively refuse plaintiff treatment for HCV, a potentially life threatening disease.
- n. Hepatitis C replicates and/or multiplies by destroying healthy liver cells. Left untreated this insidious disease progresses from inflammation to fibrosis to cirrhosis to liver cancer and ultimately death. On March 22, 2000 plaintiffs' viral load count was at 1,000,000 copies/ml; on February 27, 2002 it progressed to 1,430,000 copies/ml; on January 7, 2004 it had further progressed to 11,996,294 copies/ml; and on September 30, 2005 it had reached 17,941,036 copies/ml. These results, excluding results from 9/30/05, were available to Dr.'s Graceffo and Kooi and Nurse Admin. Ryerson, as these test results are posted in plaintiffs' medical records and should have alerted them to the seriousness of plaintiffs' medical condition.

**MEMORANDUM OF LAW**

o. The Courts have recognized that HCV qualifies as a serious medical condition for purposes of an Eighth Amendment analysis. See Conti v Goord, No. 9:01-CV-1069 p.12(NDNY Aug.13,2004)(unpub. Decision & Order of Joseph M.Hood,D.J.); Johnson v Wright, 234 F.Supp.2d 352,360(SDNY 2002); McKenna v Wright, 2002 WL 338375, at \*8(SDNY Mar.4,2002)(citing cases); Carbonell v Goord, 2000 WL 760751, at \*9(SDNY June 13,2000).

p. Plaintiffs' refusal to participate in the ASAT/RSAT Program is based on legitimate First Amendment concerns. Plaintiff is an atheist and contends that the ASAT/RSAT Program is faith-based. Courts have previously considered this question and have found that the ASAT Program is based on the Alcoholics Anonymous "Twelve Step" program, "the dominant theme of which is unequivocally religious", and have concluded that coerced participation in ASAT violated the First Amendment. See Alexander v Schenck, 118 F.Supp.2d 298,300 n.1,301(NDNY 2000); Griffin v Coughlin, 88 NY2d 674,681,687(1996); see also DeStefano v Emergency Housing Group, Inc, 247 F.3d 397,407(2d Cir.2001); Warner v Orange Cty Dep't of Probation, 115 F.3d 1068,1075(2d Cir.1997).

q. The Equal Protection Clause of the 14th Amendment prohibits discrimination based upon your membership in a particular class of people. The provisions forbids discrimination based upon race, gender, ethnicity, religion, sexual orientation, or handicap.

**DEFENDANTS**

r. All defendants, named within this Action, acted under the color of State Law with deliberate indifference denying plaintiff a life necessity associated with adequate medical care/treatment. All defendants, individually and collectively, subjected plaintiff to discrimination by treating him differently and/or holding him to a higher standard, than others similarly situated, while denying plaintiff a life necessity. All defendants, individually and collectively, caused plaintiff to suffer undue, prolonged, irreversible Liver damage; loss of quality of life; undue stress and anxiety and prolonged loss of sleep and appetite through

their unjust actions associated with the denial of physician recommended medical care/treatment for HCV.

**THOMAS G. EAGEN**

Thomas G. Eagen is the acting Director of the Inmate Grievance Program Central Office Review Committee and his principle office is located at 1220 Washington Avenue, Albany, New York 12226.

This defendant is liable under 42 USC §1983 in his Individual and Official capacity under the 1st, 8th and 14th Amendments of the United States Constitution. Acting under the color of State Law as the Director of the Inmate Grievance Program, and having been fully appraised of the facts and law pertaining to this civil rights violation, he was grossly negligent in supervising subordinates; he acted with deliberate indifference to a serious medical need by denying plaintiffs' grievance requesting medical treatment for HCV and through this denial subjected plaintiff to discrimination.

**JOHN W. BURGE**

John W. Burge was the acting Superintendent of the Auburn Correctional Facility and his principle office was located at 135 State Street, Auburn, New York 13024.

This defendant is liable under 42 USC §1983 in his Individual and Official capacity under the 1st, 8th and 14th Amendments of the United States Constitution. Acting under the color of State Law as the Superintendent of the ACF, and having been fully appraised of the facts and law pertaining to this civil rights violation as depicted in the filed grievance and his reply denying same, he was grossly negligent in supervising subordinates; he acted with deliberate indifference to a serious medical need by denying plaintiffs' grievance requesting medical treatment for HCV and through this denial subjected plaintiff to discrimination.

**NANCY RYERSON, RN**

Nancy Ryerson is the acting Nurse Administrator of the Auburn Correctional Facility and her principle office is located

at 135 State Street, Auburn, New York 13024.

This defendant is liable under 42 USC §1983 in her Individual and Official capacity under the 1st, 8th and 14th Amendments of the United States Constitution. Acting under the color of State Law as the Nurse Administrator of the ACF, and having been fully appraised of the facts and law pertaining to this civil rights violation as depicted in the filed grievance and her reply to same, she was grossly negligent in supervising subordinates; she acted with deliberate indifference to a serious medical need by ignoring the issues presented in plaintiffs' grievance thus subjecting plaintiff to discrimination.

**ANTHONY GRACEFFO, MD**

Dr. Anthony Graceffo was a medical doctor at the Auburn Correctional Facility and his principle office was located at 135 State Street, Auburn, New York 13024.

This defendant is liable under 42 USC §1983 in his Individual and Official capacity under the 1st, 8th and 14th Amendments of the United States Constitution. Acting under the color of State Law as a medical doctor at the ACF he acted with deliberate indifference when he denied plaintiff medical care/treatment for HCV, a potentially life threatening disease, premised on plaintiffs' refusal to participate in the ASAT/RSAT Program. As evidenced in this Action this defendant was surreptitiously treating other inmates, with the same medical condition as plaintiff, without their forced participation in ASAT/RSAT thus subjecting plaintiff to discrimination.

**PANG KOOI, MD**

Dr. Pang Kooi is a medical doctor at the Auburn Correctional Facility and his principle office is located at 135 State Street, Auburn, New York 13024.

This defendant is liable under 42 USC §1983 in his Individual and Official capacity under the 1st, 8th and 14th Amendments of the United States Constitution. Acting under the color of State Law as a medical doctor at the ACF he acted with deliberate

indifference when he denied plaintiff medical care/treatment for HCV, a potentially life threatening disease, premised on plaintiffs' refusal to participate in the ASAT/RSAT Program. This defendant was aware, through the Affidavit of inmate Pelkey and medical Department Records, that Dr. Graceffo was treating inmates with HCV without forced participation in ASAT/RSAT thus subjecting plaintiff to discrimination.

**7) CAUSE OF ACTION**

**FIRST CAUSE OF ACTION:**

Plaintiff is being denied adequate medical care/treatment for a potentially life threatening disease premised on plaintiffs' refusal to participate in a religious based program (ASAT/RSAT) prior to said care/treatment.

**SECOND CAUSE OF ACTION:**

Plaintiff is being subjected to cruel and unusual punishment through the denial of adequate medical care/treatment for a potentially life threatening disease.

**THIRD CAUSE OF ACTION:**

Plaintiff is being discriminated against as a specific group or class of people. Plaintiff is being held to a higher standard of approval, to gain medical care/treatment, as others in plaintiffs' same circumstances.

**8) Plaintiff demands a trial by COURT**

**9) RELIEF/DAMAGES**

**WHEREFORE**, plaintiff requests that this Court grant the following relief:

The named Defendants provide the following monetary compensation to plaintiff in the form of compensatory and

punitive damages:

DEFENDANT	Compensatory	Punitive
Thomas G. Eagen	3,000,000.00	6,000,000.00
John W. Burge	3,000,000.00	6,000,000.00
Nancy Ryerson, RN	3,000,000.00	6,000,000.00
Anthony Graceffo, M.D.	3,000,000.00	6,000,000.00
Pang Kooi, M.D.	3,000,000.00	6,000,000.00

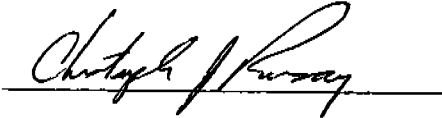

I declare under penalty of perjury that the foregoing is true and correct.

## Description of Problem:

On 6/30/05 I was seen by Dr.Kooi in the ACF Clinic to discuss a change in the policy of forced participation in RSAT prior to receiving treatment for HCV. (See, Exhibit A) After Dr.Kooi read Exhibit A he stated that he was unaware of this change and referred me to Dr.Graceffo since he was the treating physician in the referenced case.

On 7/21/05 I was seen by Dr.Graceffo in the ACF Clinic and discussed the above referenced Exhibit and the changes in DOCS' policy. Dr.Graceffo informed me that he would not treat me for HCV until I was either enrolled in or completed RSAT, regardless of what he did in the past.

Exhibit A, Affidavit of Jeffery Pelkey #00-A-4448, in sum and substance states that: He has a long history of substance abuse, has tested positive twice for controlled substances during this term of incarceration, refused to participate in the RSAT Program and received treatment for HCV notwithstanding his refusal.

I have been incarcerated for 12 years. During that time I have maintained an Institutional Disciplinary Record free of any alcohol or substance abuse violations. The RSAT Program, being spiritually based, is contrary to my religious beliefs as I am an atheist.

I explained to Dr.Graceffo that his refusal to treat me for HCV, forcing me to participate in the RSAT Program against my religious beliefs and holding me to a higher standard of approval before receiving treatment were all violations of State and Federal Law.

Specifically, the First Amendment Establishment Clause, which the 14th Amend. make applicable to States, establishes that government may not coerce anyone to participate in religion or its exercise. The Fifth Amend. protects against deprivations of life, liberty and property without due process of law. The Eighth Amend protects against deprivations of life necessities and "cruel and unusual" punishment. The Fourteenth Amend. Equal Protection Clause protects against discrimination.

As such, Dr.'s Kooi and Graceffo are violating my civil rights due to their refusal to treat me for HCV, and by forcing me to participate in RSAT.

Action requested by inmate: To be placed on treatment program for HCV without being forced to participate in RSAT.

I, JEFFREY L. PELKEY #00-A-4448, being duly sworn deposes and says that:

1) I have prepared and read the foregoing, and know its contents to be true to my own knowledge, except those matters alleged to be based upon information and belief, and as to those matters, I believe them to be true.

2) I am currently incarcerated at the Auburn Correctional Facility, 135 State Street, Auburn, New York 13024.

3) On December 31, 2003, at the Upstate Correctional Facility, I was diagnosed with Hepatitis C.

4) Shortly after arriving at the Auburn Correctional

Facility I requested, through the medical staff, to receive treatment for Hepatitis C. On May 13, 2004, I was seen by Dr. Anthony Graceffo and was referred to see a gastroenterologist at the DOC'S Walsh Regional Medical Unit.

5) Treatment in the form of Peginterferon and Ribaviron for a period of six-months was recommended by this specialist.

6) On September 14, 2004, I was seen again by Dr. Anthony Graceffo and informed that prior to treatment I would need to participate in the RSAT Program. On September 15, 2004, I was interviewed by the RSAT Counselor and I refused to participate in the RSAT Program.

7) Notwithstanding this refusal, treatment in the form of Peginterferon and Ribaviron was started on September 17, 2004.

8) My Department of Corrections Disciplinary Records reflect that I tested positive for Cannabis (marijuana) twice during this term of incarceration (6/24/02 and 11/11/03) and I have a lengthy history of substance abuse. To date I have not been forced to participate in the RSAT Program and I am receiving the prescribed treatment.

Respectfully submitted,

Jeffrey L. Pelkey

## INMATE GRIEVANCE COMPLAINT

Grievance No. \_\_\_\_\_

## AUBURN CORRECTIONAL FACILITY

John Hatzfeld #95A0396, B-9-10  
Program: WW 7-3

## Description of Problem:

On August 16, 2005 I received a denial to Grievance #45299-05, from the IGRC. (See attached Form 2131) Also, on August 16, 2005 I sent a correspondence to the IGP Supervisor, Ms. Parmiter, explaining the error made by the IGRC and requested that this Grievance be re-submitted and processed in accordance with Directive 4040. (See correspondence dated 8/16/05) To date I have not received a response from Ms. Parmiter.

Grievance #45299-05 specifically addresses Departmental Policy and acts of Discrimination, which are beyond the purview of the IGRC, and should have been forwarded to the Superintendent and the Office of Diversity Management within twenty-four (24) hours of receipt. (Directive 4040 Section IX, A through I)

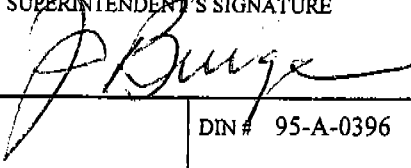

The IGRC's and the Nurse Administrator's responses in this matter are therefore moot.

The Nurse Administrator's statement that; "Per HIPPA regulations medical staff are bound by law not to discuss the medical condition of the grievant or anybody else", is patently false. If this were the case, complaints concerning anything relating to medical issues would be non-grievable.

As per the Affidavit of J. Pelkey, which was attached to Grievance #45299-05, any matters contended within that Affidavit are open to discussion and right to confidentiality protection waived. Also, Mr. Pelkey has filed, with the Medical Department, an Authorization for Release and Disclosure of Health Information specifically releasing the necessary health care information to address matters contended in Grievance #45299-05. (See attached Release) This Release should be attached as an addendum to Grievance #45299-05 to avoid any future confusion concerning this matter.

**ACTION REQUESTED:** To have Grievance 45299-05 processed in accordance with Directive 4040 Section IX, A through I without further delay.

Grievance appeal denied, with explanation.

Grievant is advised that guidelines state participation in a workbook ASAT program as a requirement for Hepatitis C treatments. See your counselor to get a workbook.

HIPPA regulations prohibit the disclosure of another's medical background to you.

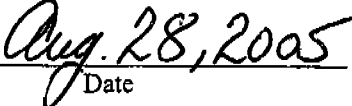

Your rights have not been violated or diminished. The completion of the workbook is not considered completion of RSAT.

#### APPEAL STATEMENT

If you wish to refer the above decision to the Superintendent, please sign below and return this copy to your inmate grievance clerk. You have four (4) working days from receipt of this notice to file your appeal. Please state why you are appealing this decision to C.O.R.C.

This Appeal is being forwarded "On The Record", with Exhibits, and a Statement of Facts. (See attached)

## GRIEVANCE APPEAL TO CORC

Grievance No.45299-05

Grievant: J.Hatzfeld, #95A0396

Facility: Auburn Corr.Fac.

Grievance No.45299-05 is being appealed to the CORC because the issues raised have not been addressed and the evidence presented, in the form of an Affidavit (Exhibit A) and a Medical Release (Addendum) authored by J.Pelkey, has been constructively ignored.

DOCS claim that participation in and/or completion of ASAT/RSAT is required prior to treatment for HCV. Exhibit A, the Affidavit of J.Pelkey a current NYS inmate, renders that assertion patently false. Exhibit A, in sum and substance, states that; Mr. Pelkey, 00-A-4448, has a long history of substance abuse, has tested positive twice for controlled substances during this term of incarceration, refused to participate in the RSAT Program and received treatment for HCV notwithstanding his refusal.

Also, Mr.Pelkey has supplied a release, in the form of an Authorization for Release and Disclosure of Health Information, (Attached as Addendum), which grants permission for a review of his medical records to support his Affidavit. As such, HIPPA regulations will not be violated through this disclosure.

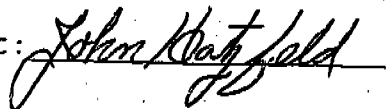

DOCS refusal to afford me the same treatment, as received by inmate Pelkey, is clearly Discrimination and violates State and Federal Law. I am in the same class of people, I have the same disease yet, I'm being held to a higher standard of approval when, in fact, I have no Disciplinary Violations on my record for alcohol and/or substance abuse.

When Dr.Graceffo, an employee/representative of DOCS, treated inmate Pelkey for HCV without the requisite participation in the ASAT/RSAT Program he effectively rendered the Policy of forced participation in same null and void.

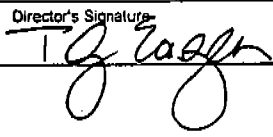

DOCS can not profess, as their credo, "Fair-Firm-Consistent" when they arbitrarily enforce a Policy. The question remains: Why does an inmate with a documented history of substance abuse receive treatment without being forced to participate in ASAT/RSAT and an inmate with no documented history of substance abuse is denied treatment due to his refusal to participate in ASAT/RSAT???

A refusal, by this Committee, to grant the relief sought would be immoral and completely illogical. DOCS Policy of forced participation in a substance abuse program, prior to receiving treatment for HCV, is not supported by clinical consensus. It is recommended that: "Strict abstinence from alcohol is recommended during therapy... Typically a 6-month abstinence is recommended before starting therapy... Patients with continuing problems of alcohol or substance abuse should only be treated in collaboration with alcohol or substance abuse specialists or counselors".(Exhibit B,pg.14of23)" People who do not display problems with abstinence need not be placed in abuse programs.

**GRIEVANT'S REQUEST UNANIMOUSLY DENIED WITH CLARIFICATION**

Upon full hearing of the facts and circumstances in the instant case, and upon recommendation of the Division of Health Services, the action requested is hereby denied with clarification. CORC upholds the determination of the Superintendent for the reasons stated.

CORC advises the grievant to follow staff direction, and participate in the ASAT workbook program. CORC asserts that the Department's Hepatitis C Primary Care Practice Guidelines are being followed. CORC also advises the grievant to address his medical concerns through sick call.
